

Doing The Right Things

Real integrity is always doing 'The Right Thing' regardless of who is watching...Never do the right thing because you feel you have to, do it because you should! Our team, patients and partners have the confidence knowing that we operate within a culture of openness and transparency where whistleblowing is encouraged at all times.

Taking Ownership

We make every effort to create an environment where people take responsibility for their actions. Respect is encouraged allowing people to feel comfortable to say, 'I have made a mistake', as a team we will listen and learn from what went wrong and make every effort not to repeat them. Our Duty of Candour ethos is mandatory.

Fun

Having 'fun' adds diversity, joy and a healthy amount of unpredictability everyday! We actively encourage good moods, good humour and laughter!
